

Thinking about retirement? Think about long term care insurance. And be prepared if the need arises.

We'll help you get ready for retirement
by protecting and preserving your assets
with long term care insurance.

Many people consider long term care (LTC) insurance when planning for retirement. LTC insurance includes home health care, assisted living care, rehabilitation services, skilled nursing care and other services you may need as a retiree. The question is not whether you will need LTC insurance — *will you be prepared if and when LTC insurance is needed?* You've spent a lifetime building financial security for yourself and your family. LTC insurance protects and preserves your assets if illness or injury causes you to need extended medical care.

Virginia Barristers Alliance, Inc., offers LTC insurance services from these companies:

Allianz Life • GE Capital Assurance • John Hancock
Lincoln Benefit Life • Lincoln Life • Mass Mutual

We'll be happy to talk with you about long-term care and other insurance needs.

**To start our conversation, please complete this form
and fax it to us at (804) 762-4192 or 1-800-947-2796.**
